## Referral Agreement

By signing this form as the receiving agent Bryan Kasprisin agrees to have his/her broker-in-charge pay an agreed upon referral fee of 28% of the gross commission earned from the closed sale of this referral from Military Relocation Network and Realty Services Inc. A licensed Real Estate Brokerage Firm in the State of Florida (FL License Number CQ 1046943).

Military Relocation Network and Realty Services operates under the DBA of Veterans Real Estate Benefits Program and Agent Network and as doing so, provides a Veteran membership-based home buyer/seller program. The program provides Veterans a membership rewards benefit after closing (NOT A REBATE PROGRAM) when they use a designated agent and follow program guidelines outlined in their VREB membership agreement.

If an agent requires their broker approval on referral agreements, by signing this agreement it is understood this has been approved by said agent's broker. Agent's VREB referral fee is all-inclusive and VREB funds the program's reward benefits.

By signing this document, the agent confirms no preexisting agency agreement exists that would prevent the execution of this referral agreement and payment.

Percentage based referral fees will be based on total gross commissions earned on the successful closing of whichever side of the transaction that our referred client name on page one of this agreement appears on the final Combined CD/ALTA (buyer or seller side).

If this VREB referral relationship results in our buyer/seller establishing an additional buyer or seller relationship with the agent signing this referral, VREB is due an equal referral fee on this second transaction. If the seller is Veteran, the selling side also earns that Veteran a second reward benefit as well.
